The screenshot shows the MADB website interface. At the top left is the European Commission logo. The main header is 'TRADE Market Access Database'. Below this is a navigation breadcrumb: 'European Commission > Trade > Market Access database'. A left sidebar contains a menu with categories: 'Home', 'Export from EU', and 'Import into the EU'. The 'Export from EU' category is expanded, showing sub-items: 'Tariffs', 'Procedures and Formalities', 'Statistics', 'Trade Barriers', 'SPS: Sanitary and Phytosanitary Issues', and 'Rules of Origin'. The 'Import into the EU' category shows 'EU Tariffs' and 'Other Resources'. The main content area is titled 'Exporting from the EU - what you need to know' and contains a paragraph about the MADB, followed by three sections: 'Tariffs', 'Procedures and Formalities', and 'Statistics'. A yellow callout box on the right says 'Help us counter trade barriers'. Below it, a light blue box titled 'Importing into the EU?' contains links for 'EU Tariffs', 'Export Helpdesk', and 'Special conditions for developing countries'.

Exporting from the EU - what you need to know

The Market Access Database (MADB) gives information to companies exporting from the EU about import conditions in third country markets:

Tariffs
Duties & taxes on imports of products into specific countries

Procedures and Formalities
Procedures & documents required for customs clearance in the partner country

Statistics
Trade flows in goods between EU and non-EU countries

Help us counter trade barriers ▼
