* Optional and ** If referenced in Part II

II. HEALTH INFORMATION

II.a. Certificate reference number

CERTIFICATIONS

I, the undersigned official veterinarian, certify that the horse described in part I

1. has been in the region for 60 days immediately preceding shipment.
2. has not been in a premises where African horse sickness, dourine, glanders, surra (*Trypanosoma evansi*), epizootic lymphangitis, ulcerative lymphangitis, equine piroplasmiasis, equine infectious anemia (EIA), contagious equine metritis (CEM), vesicular stomatitis, or Venezuelan equine encephalomyelitis has occurred during the 60 days immediately preceding exportation, nor have any of these disease occurred on any adjoining premises during the same period of time.
3. has been inspected and found free of contagious diseases, and insofar as can be determined, exposure thereto during the 60 days immediately preceding exportation.
4. has not been vaccinated with a live or attenuated or inactivated vaccine during the 14 days immediately preceding exportation.
5. has been inspected and found to be free from ectoparasites.
6. has been tested negative for CEM within 30 days of export and which was received within 48 hours of collection by a laboratory recognized by the Swedish Board of Agriculture.
