

Welcome to a workshop with the Swedish 3Rs Center:

How can we increase the use of modern animal-free methods in regulatory risk assessment?

Thursday September 19, 9.30-16.30

Scandic Crown, Polhemsplatsen 3, Gothenburg city centre

Please register here

Gina Sanders/mostphotos.com

The workshop is intended for government agencies, industry, researchers, CROs, etc. and aims to identify strategies to speed up the development of alternative test methods.

Registration is open until 10 July 2019.

Participation is free of charge but the number of participants is limited, and will be distributed on a first come first served basis. In case of very high interest, we reserve the right to limit the number of participants from each organisation.

For questions, please contact 3Rcenter@jordbruksverket.se

Program

09:30 - 10:00	Registration and coffee
10:00 - 12:00	<i>A regulatory perspective of the benefits and challenges of using animal-free methods during drug development</i> Dr. David R. Jones, MHRA, UK Industrial perspective <ul style="list-style-type: none">- Dr. Barbara Birk, BASF- To be confirmed Regulatory perspective <ul style="list-style-type: none">- Dr. Anne-Lee Gustafson, Swedish Chemicals Agency- To be confirmed
12:00 - 13:00	Lunch
13:00 - 13:45	<i>Development of in vitro test methods - from lab bench to authorities</i> Dr. Sandra Coecke, EURL ECVAM
13:45 - 15:45	Group discussion - <i>How can we increase the use of modern animal-free methods in regulatory risk assessment?</i>
15:45 - 16:15	Panel discussion with the lecturers
16:15 - 16:30	Conclusion and outlook

National network

We intend to instate a national network for researchers and government agencies with interest in animal-free methods for research, toxicity screening and/or for regulatory purposes. The network should facilitate contact and exchange of information between researchers and government agencies. When registering for the workshop you will also have the opportunity to join the network. If you cannot participate in the workshop but want to be part of the network please contact us at 3Rcenter@jordbruksverket.se for more information.

Kind regards,

The workshop is arranged by the Swedish 3Rs Center and RISE on behalf of the Swedish National Committee for Protection of Animals used for Scientific Purposes.
